

Muhammad Nibras

UI/UX Designer based in Dubai, UAE

www.nibrasdexign.com nibras999@gmail.com +971 523 77 2844

Open to opportunities that utilize my expertise in UX design and user-centered methodologies, focusing on continuous usability testing and collaboration with cross-functional teams to create impactful solutions. I hold a **UAE residence visa** and **can join in 4 weeks**.

EMPLOYMENT HISTORY

UI/UX Designer @Ice Code Software

OCT 2022 – PRESENT, DUBAI, UAE

- **Squad X App:** Designed features for users to join and organize sports activities, including self-venue creation, split payments, family accounts, and team management. Integrated quick payments and external activity integration with Meetup.
- **VenuHub Portal:** Developed a management portal for venue managers, enabling them to list outlets, manage bookings, and implemented subscription model.
- **Juventus Academy UAE App:** Created a mobile app for parents to track their children's academy activities, including an admin portal for admins to manage player information.
- **Squad X Tournament Platform:** Designed a web platform for tournament registration and management.
- **Corporate Solutions:** Developed an admin portal for HR teams to organize wellness & team building activities, with an employee app for ease of participation.
- **Static Websites:** Delivered static website designs for clients like Rexsol, Yaya and KSMC, also did responsive design for the Ice Code Software company site.
- **Collaboration:** Partnered with founders to translate business needs into user flows and wireframes. Aligned with project managers in Azure DevOps for sprint planning and coordinated with developers for design handoff.

UI/UX Designer @Neel-Tech International

SEP 2019 – OCT 2022, BENGALURU, INDIA

- **iCent App:** Developed an app for international students to access crucial information about pre-departure and post-arrival processes, including licensing and work permits, addressing common queries about their universities.
- **University Admin Portal:** Created an admin portal for universities to manage information, including customizable forms for paperwork specific to each institution's needs.
- **Reserve It App:** Designed an app for Canadian government employees to reserve work locations during COVID-19, facilitating safe workspace management.
- **Mascot Design:** Designed a mascot for the iCent app, inspired by the beaver, Canada's national animal, to enhance brand identity.
- **Collaboration:** Worked closely with business analysts, founders, and marketing managers to gather business requirements, which informed the creation of user flows and wireframes.

Visual Designer @Freelancer

JUL 2017 – SEP 2019, KERALA, INDIA

- I made several logos, created branding strategies, and designed posters to help clients build their brand and share their messages.

Marhaba! 🙌

I'm a UI/UX Product designer with a background in art and business. Over 5+ years, I've worked in SaaS, B2B, & B2C, creating user-centered solutions using design thinking and agile methodologies. I strive to grow, research, and design peak experiences that add real value to people's lives.
